1. Maine - "We have affordable natural gas right in our backyard and hydropower just over the border in Canada and right here in Maine. Let's use it!"
- Gov. Paul LePage, "2015 State of the State Address," http://www.maine.gov/tools/whatsnew/index.php?topic=Gov_Speeches&id=636878&v=article2011
2. Vermont - The Transportation sector accounts for the largest share of Vermont's energy use, 36.8%.
- Energy Information Administration: <http://www.eia.gov/state/?sid=VT#tabs-2>
3. Connecticut - Natural gas is the largest source of Connecticut's energy consumption
- Energy Information Administration: <http://www.eia.gov/state/?sid=CT>
4. New Hampshire - The ban on crude oil exports is expected to cost the New Hampshire economy up to \$130 million per year by 2020.
- ICF International and EnSys Energy: <http://www.api.org/~media/Files/Policy/Exports/ICF-State-Economic-Impacts-Supplement.pdf>
5. Massachusetts - "Massachusetts will be hard-pressed to meet its future energy needs without expanding natural gas pipeline capacity"
- "Massachusetts needs more natural gas pipeline capacity to meet future needs, report says," MassLive.com http://www.masslive.com/news/index.ssf/2015/01/report_massachusetts_needs_more.html
6. Rhode Island - Natural gas fueled 95% of Rhode Island's net electricity generation in 2014.
- Energy Information Administration: <http://www.eia.gov/state/?sid=RI>
7. New York - "[EPA ozone regulations] would come with a high cost to industry..."
- "E.P.A. Ozone Rules Divide Industry and Environmentalists," New York Times http://www.nytimes.com/2014/11/27/us/epa-ozone-limits-divide-industry-and-environmentalists.html?_r=0
8. New Jersey - "Ever since ethanol was introduced into gasoline, marine engines have been experiencing problems."
- "Outdoor Arena," Asbury Park Press <http://www.app.com/story/news/local/southern-ocean-county/2015/03/18/outdoor-arena/24956601/>
9. Ohio - 255,100 statewide jobs supported by the oil and natural gas industry
- PwC: http://www.api.org/~media/Files/Policy/Jobs/Economic_Impacts_ONG_2011.pdf#sthash.4wktW0HR.dpuf
10. Delaware - Oil and natural gas development in the Atlantic could create \$2.4 billion in new private investment in Delaware and raise \$475 million for the state budget by 2035 with revenue sharing in place.
- Quest Offshore Resources, Inc.: <http://www.api.org/~media/Files/Oil-and-Natural-Gas/Exploration/Offshore/Atlantic-OCS/Economic-Benefits-of-Increasing-US-Access-to-Offshore-Oil-and-Natural-Gas-Resources-in-the-Atlantic.pdf>
11. West Virginia - "Lifting the ban on oil exports will also improve our national security interests by reducing our trade deficits, neutralizing countries like Iran that extract the same types of oil as the United States, expanding our competitive edge in a global marketplace, and providing a stable source of energy to our allies so that they will no longer be dependent on undemocratic regimes."
- U.S. Sen. Joe Manchin, "Manchin, Bipartisan Senators Introduce Bill to Enhance Efforts to Lift the U.S. Oil Export Ban," Press Release <http://www.manchin.senate.gov/public/index.cfm/press-releases?id=548b5617-122f-4c32-9097-48c17e42e027>
12. Pennsylvania - Over 300,000 Pennsylvania jobs are supported by the oil and natural gas industry.
- PwC: http://www.api.org/~media/Files/Policy/Jobs/Economic_Impacts_ONG_2011.pdf#sthash.4wktW0HR.dpuf
13. Maryland - "We want to extract clean natural gas"
- Gov. Larry Hogan, "New Governor May Open Western Maryland to Fracking," WYPR <http://wypr.org/post/new-governor-may-open-western-maryland-fracking>

Sources | Regional Quotes - Southeast

1. Virginia - "If we proceed in a smart and safe way we can unlock gas, oil and wind assets offshore while protecting our environment."
- Gov. Terry McAuliffe, "Offshore drilling possible for Virginia?" Daily Press <http://www.dailypress.com/news/science/dp-nws-offshore-drilling-virginia-20150128-story.html>
2. South Carolina - "Exploring for energy off the coast is a critical economic development issue. It will mean jobs and investment for our state, and, while we will always make safeguarding our rich natural resources a priority, it's encouraging to see the federal government finally acknowledge what we've been fighting for with our federal delegation for years."
- Gov. Nikki Haley, "Gov. McCrory applauds Carolinas offshore drilling plan," WITN <http://www.witn.com/home/headlines/NC-governor-applauds-Carolinas-offshore-drilling-plan-290063701.html>
3. North Carolina - "New geological and geophysical surveys are necessary to provide the critical data required for informed exploration, development and environmental decisions. Most seismic information for the Atlantic is more than three decades old. With advanced seismic data collection and computer modeling, the industry will be better equipped to safely recover oil and gas resources and site offshore wind energy turbine generators."
- Gov. Pat McCrory, "Governor McCrory and Virginia Governor McAuliffe Urge Approval of Offshore Seismic Surveying," Press Release, <http://governor.nc.gov/press-release/governor-mccrory-and-virginia-governor-mcauliffe-urge-approval-offshore-seismic>
4. Georgia - 349 Georgia businesses are part of the oil and natural gas supply chain.
- API Vendor Survey: http://www.energytomorrow.org/~media/energytomorrow/energy-and-states-pdfs/state_ga.pdf?la=en
5. Florida - Crude exports could add up to 10,736 jobs and \$1.23 billion to Florida's economy in 2020.
- ICF International and EnSys Energy: <http://www.api.org/~media/Files/Policy/Exports/ICF-State-Economic-Impacts-Supplement.pdf>

Sources | Regional Quotes - Gulf Coast

1. Texas - "Energy producing nations from around the world look to Texas to see how our state's policies protect the environment while allowing oil and natural gas activity to grow jobs and bolster our energy security."

Todd Staples, Texas Oil & Gas Association, "A Well-Regulated Energy Sector Keeps Texas Safe, Fuels Economy," Rio Grande Guardian <https://riograndeguardian.com/staples-a-well-regulated-energy-sector-keeps-texas-safe-fuels-economy/>

2. Louisiana - In 2014 the Louisiana government netted \$1.2 billion in revenue from oil and gas operations in the state.

Louisiana Department of Natural Resources: <http://dnr.louisiana.gov/index.cfm?md=pagebuilder&tm=home&pid=212>

3. Mississippi - "This new [ozone] rule is a solution in search of a problem...I do not believe that EPA can scientifically demonstrate that this rule could have any health benefits for Americans."

U.S. Sen. Roger Wicker, "Wicker Says New Ozone Rule Costly and Unachievable for Many," Press Release <http://www.wicker.senate.gov/public/index.cfm/2015/10/wicker-says-new-ozone-rule-costly-and-unachievable-for-many>

4. Alabama - "Many agree that lifting this [crude export] ban will give the United States economy substantial benefits... In addition, there are many geopolitical advantages of eliminating crude oil export controls. There are also many disadvantages if we fail to do so."

U.S. Sen. Richard Shelby, "Shelby Opening Remarks at American Crude Oil Export Equality Act Mark Up," Press Release <http://www.banking.senate.gov/public/index.cfm/2015/10/shelby-opening-remarks-at-american-crude-oil-export-equality-act-mark-up>

Sources | Regional Quotes - Pacific

1. Virginia - "If we proceed in a smart and safe way we Washington - Although not a crude oil-producing state, Washington ranked fifth in the nation in crude oil-refining capacity in 2015.

Energy Information Administration: <http://www.eia.gov/state/?sid=WA>

2. Oregon - Natural gas is Oregon's 2nd largest source of energy. The Mist field in northwestern Oregon is the only producing natural gas field in the Pacific Northwest.

Energy Information Administration: <http://www.eia.gov/state/?sid=OR>

3. California - "Under the corn ethanol mandate in the RFS, roughly 44% of U.S. corn is diverted from food to fuel, pushing up the cost of food and animal feed and damaging the environment. Oil companies are also unable to blend more corn ethanol into gasoline without causing problems for automobiles, boats, and other vehicles."

U.S. Sen. Diane Feinstein, "Feinstein, Coburn Intro Bipartisan Bill to Eliminate Corn Ethanol Mandate," Press Release <http://www.feinstein.senate.gov/public/index.cfm/press-releases?ID=82d3db11-efc7-421a-8c5d-0636b31ca9cd>

4. Hawaii - "We hear a lot of stories about folks who don't get good mileage with this fuel mix so they spend more in the long term to get where they want to go."

State Rep. Chris Lee, "Ethanol mandate to be repealed," Hawaii News Now <http://www.hawaiinewsnow.com/story/28958804/ethanol-mandate-to-be-repealed>

Sources | Regional Quotes - Arctic

1. The Arctic contains the world's largest remaining conventional, undiscovered oil and natural gas, estimated at 13% of recoverable oil and 30% of recoverable natural gas resources.

U.S. Geological Survey, "90 Billion Barrels of Oil and 1,670 Trillion Cubic Feet of Natural Gas Assessed in the Arctic," Press Release <http://www.usgs.gov/newsroom/article.asp?ID=1980#VorpDPkrJaQ>

2. "Our people and our state need access to that oil and gas to heat our homes and buildings, power our snow machines and four wheelers, and earn revenues to support our core community services."

State Rep. Ben Nageak, "Obama is breaking promise to Alaskans on ANWR," Alaska Journal of Commerce <http://www.alaskajournal.com/2015-01-28/guest-commentary-obama-breaking-promise-alaskans-anwr#VorogfkrJaQ>

Sources | Regional Quotes - Mountain West

1. New Mexico - "New Mexico companies have used fracking successfully for decades to access gas reserves that were previously thought out of reach."

U.S. Sen. Tom Udall, Albuquerque Journal Candidate Profiles <http://www.abqjournal.com/457581/nm-election/u-s-senate-d-tom-udall-i.html>

2. Utah - "Unfortunately, the federal government often hinders rather than helps energy development in our states... The onerous and often unnecessary regulations coming from Washington, D.C., are often a drag on the economy."

Gov. Gary R. Herbert, "New leadership position helps Governor push smart energy policy for Utah" <http://blog.governor.utah.gov/2014/10/new-leadership-position-helps-governor-push-smart-energy-policy-for-utah/>

3. Colorado - "One of the more fertile fields of employment in Colorado has been our energy industry."

Gov. John W. Hickenlooper, "2015 State of the State" <http://https://www.colorado.gov/pacific/governor/2015-state-state>

4. Arizona - The average annual upstream industry salary in Arizona is \$67,304 – almost \$21,000 more per year more than the state average.

PwC: http://www.api.org/~media/Files/Policy/Jobs/Economic_Impacts_ONG_2011.pdf#sthash.4wkTW0HR.dpuf

5. Nevada - The average upstream (extraction and production) employee's salary in Nevada is \$74,348 -- almost \$31,000 more than the average annual salary across all industries and sectors.

PwC: http://www.api.org/~media/Files/Policy/Jobs/Economic_Impacts_ONG_2011.pdf#sthash.4wkTW0HR.dpuf

6. Wyoming - "Too often, the discussion is 'do you want energy or the environment?' We have to reject that question. We need, and should expect, both."

Gov. Matt Mead, "Western Governors Discuss the West as 'Nation's Energy Breadbasket'" <http://gov.idaho.gov/pdf/12-3-2012.%20Western%20Governors%20Discuss%20the%20West%20as.pdf>

7. Montana - "Eastern Montana's oil fields are leading the way to better American energy security, more Montana jobs and a stronger economy."

U.S. Sen. Jon Tester, "Why I Support the Keystone XL Pipeline," Havre Daily News <http://www.testersenate.gov/?p=news&id=294>

8. Idaho - "It is important that we focus on the roadblocks that our own government is putting in the way of people who want to create jobs and who want to deliver energy to the American people."

U.S. Sen. Jim Risch, "Western Caucus Holds Hearing on Western Job Growth and American Energy Development," Press Release <http://www.risch.senate.gov/public/index.cfm/2012/4/western-caucus-holds-hearing-on-western-job-growth-and-american-energy-development>

Sources | Regional Quotes - Central

1. North Dakota - State oil production has risen from 124,000 barrels per day in 2007 to more than 1 million barrels per day today.

Energy Information Administration, "Rankings: Crude Oil Production" <http://www.eia.gov/state/rankings/#/series/46>

2. South Dakota - Average salary for non-gas station oil and natural gas employees is \$55,384, compared to \$38,625 across all state industries.

PwC: http://www.api.org/~media/Files/Policy/Jobs/Economic_Impacts_ONG_2011.pdf#sthash.4wkTW0HR.dpuf

3. Nebraska - "Keystone XL would have brought good-paying jobs and much-needed tax revenue to Nebraska's counties."

Gov. Pete Ricketts, "Obama Nixes Keystone XL Pipeline, Gov Ricketts Reacts," WOWT <http://www.wowt.com/home/headlines/Obama-Administration-To-Nix-Keystone-XL-Pipeline-341771502.html>

4. Kansas - 148,300 statewide jobs provided or supported by the oil and natural gas industry
